Press Release

3 Star Gold Standard Bottling Award for Otter Head

As part of a nationwide survey of over 1,100 bottled beers carried out by Great Taste of Britain, Otter Head has been awarded a three stars gold standard for exceptional taste and quality.

The beer is brewed at Otter Brewery in Devon and bottled by Bath Ales on their newly installed state of the art Czech built bottling line. Otter Sales and Marketing Director, Patrick McCaig puts the award down to three key factors;

- Otter's use of high quality ingredients and dedication to brewing excellence which has delivered a superb beer with great taste and character to begin with.
- High quality and operational standards applied by the Bath Ales bottling operation.
- The high tech specialist beer bottling line supplied by Moravek delivers a smooth natural and consistent product in the final bottle to give a cask conditioned style finish to the beer

Patrick says "We are delighted with this award which has raised the profile of our high quality and fine tasting range of bottled beers"
